Practice area

Plesner's Construction team advises and manages the largest construction projects and construction disputes in Denmark. Our team is specialised and experienced. We provide advice throughout the project's lifecycle, from planning and contract negotiation to delivery and resolution of defects and payment issues.

SUB AREAS

Ongoing advice throughout the project phases
Disputes

Plesner's Construction team addresses our clients' projects and disputes in close collaboration with Plesner's other specialist teams. Consequently, we can simultaneously offer highly specialised legal advice in all areas of construction and infrastructure while keeping our clients' overall commercial interests in mind concerning complex projects and disputes. Our team of recognised legal specialists provides all forms of legal services and delivers commercially oriented solutions in construction and infrastructure, including large and complex projects. The team's deep technical understanding and innovative approach to solutions, progress, and claims management are value-creating.

We advise contractors, consultants, and clients, as well as insurance companies. We offer our many years of experience to our clients and support them in their business, regardless of their role. Our clients engage us for projects that set the standard regarding size, complexity, and risk allocation. Plesner's Construction team is integrated with Plesner's Energy and Infrastructure team and Real Estate team. This structure ensures the best possible utilisation of synergies from Plesner's knowledge of construction, acquisition, operation, dispute resolution, and disposal of all types of real estate and infrastructure for the benefit of our clients.
